## Career Objective

Aspiring MERN Stack Developer with strong foundation in full-stack web development and hands-on project experience. Seeking an entry-level position to leverage my technical skills in React.js, Node.js, MongoDB, and Express.js to contribute to innovative web applications while continuing to grow professionally in a dynamic software development environment.

## Education

### Bachelor of Technology in Computer Science and Engineering

Expected 2025

Rajiv Gandhi University of Knowledge and Technologies

Srikakulam, AP

- CGPA: 9.2/10.0 (Current)
- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Software Engineering, Web Technologies

## Technical Skills

**Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Responsive Web Design

**Backend Technologies:** Node.js, Express.js, RESTful API Development

**Databases:** MongoDB, MySQL, Database Design and Query Optimization

**Tools & Technologies:** Git, GitHub, VS Code, Postman, npm

**Programming Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems

**Other Skills:** Problem Solving, Software Development Life Cycle

## Projects

### MERN Stack Real-Time Chat Application | [GitHub Link](#)

2024

- Developed a full-stack real-time messaging application using MongoDB, Express.js, React.js, and Node.js
- Implemented user authentication and authorization system with secure login/logout functionality
- Created responsive user interface using React.js with real-time message display and user status updates
- Built RESTful APIs using Express.js for handling user registration, authentication, and message operations
- Designed and implemented MongoDB database schema for storing user information and chat messages
- Integrated WebSocket technology for instant message delivery and real-time communication features
- Implemented features like message history, online user status, and typing indicators

### Personal Portfolio Website | *HTML, CSS, JavaScript, Bootstrap*

2024

- Designed and developed a responsive personal portfolio website showcasing projects and skills
- Implemented modern UI/UX design principles with smooth animations and interactive elements
- Ensured cross-browser compatibility and mobile responsiveness using Bootstrap framework
- Integrated contact form with client-side validation and smooth scrolling navigation

## Academic Achievements & Activities

**Academic Excellence:** Maintained consistent high CGPA of 9.2/10.0 till now in undergraduate studies

**Programming:** Strong foundation in Data Structures and Algorithms with practical implementation experience

**Technical Learning:** Self-taught MERN stack development through online courses and hands-on projects

**Problem Solving:** Regular practice on coding platforms and participation in college technical events

## Certifications & Continuous Learning

**Online Courses:** Completed full-stack web development courses focusing on MERN stack technologies

**Self-Learning:** Continuously updating skills through documentation, tutorials, and practical projects

**Version Control:** Proficient in Git and GitHub for project management and collaboration

**API Testing:** Hands-on experience with Postman for testing and debugging RESTful APIs

## Additional Information

**Languages:** English (Fluent), Telugu (Native)

**Interests:** Web Development, Open Source Contributions, Learning New Technologies, Problem Solving

**Strengths:** Quick Learner, Attention to Detail, Analytical Thinking

**Availability:** Immediate (Available for internships and full-time positions)
